Testimonial

The reward of completing your studies outweighs any self-imposed challenges you may face.

Andrea Bellato
Project Assistant

Master of International Business Administration
Batch 2020 | Portugal

Learning at my own pace with the lectures available online was a new challenge to me. Life always finds a way to distract, so it took a new-found discipline to complete my coursework and have enough time for dissertation. I owe a lot of my newfound discipline to my supervisor, Ruchika. She helped me realise that this is what I wanted and that I had it in me all along. The reward of completing your studies outweighs any self-imposed challenges you may face. If you are looking for a step up in your career or the confidence to make your own way with the qualifications to back you, I highly recommend taking a course with UniAthena. Doors will open for you, literally and figuratively, as you step into your true potential.

Guglielmo Marconi University, Italy

Unimarconi
LA PRIMA UNIVERSITÀ
DIGITALE ITALIANA

Guglielmo Marconi University (GMU) is based in Rome, Italy, and is recognized by the Ministerial Decree of March 1, 2004. GMU's main campuses are based in Rome and are located around the Prati and Vatican neighbourhoods. Currently, GMU has more than 16,000 learners enrolled in graduate and postgraduate programs, 300 faculty members, and a team of 200 expert advisors.

The central administrative offices, studios, academic departments, and the majority of the university facilities are situated on the main campus. GMU distinguishes itself through its operational blended format, which combines online and traditional academic programs.

This format provides learners with a valuable experience both online and offline, by preserving face-to-face interactions with professors, seminars, and lessons within the athenaeum and granting access to the intranet and institutional resources.

Since 1999, Italian universities have abided by the 'Bologna Process', launched with the Bologna Declaration of 1999 and defined by the European Higher Education Area (EHEA). In relation to this reform, the university is a system organized into 3 cycles: bachelor's degrees, Master degrees, and doctorates in different schools.

Qualifications Scotland, UK

Qualifications Scotland, UK is the executive public body of the Scottish government responsible for accrediting educational awards and is accredited by the UK government to offer educational qualifications. Being one of the four partner national organisations in the Curriculum for Excellence, QS designs and develops new qualifications and assessments, validates qualifications, and reviews them to ensure they are up to date. It has created the Scottish Credit and Qualifications Framework (SCQF).

The SCQF supports lifelong learning and can help:

People of all ages and circumstances should have access to appropriate education and training over their lifetime, so as to fulfil their personal, social, and economic potential

Employers, learners, and the general public need to understand the full range of Scottish qualifications, how qualifications relate to each other and to other forms of learning, and how different types of qualifications can contribute to improving the skills of the workforce.

The SCQF helps describe both programmes of learning and qualifications, supports the development of progression routes, and maximizes the opportunities to transfer credit points between qualifications to ensure that a learner does not have to repeat any learning they have already undertaken. The SCQF also helps to illustrate the relationships between Scottish qualifications and those in the rest of the UK, Europe, and beyond, which can clarify opportunities for international progression routes and credit transfer.

Chartered Management Institute, UK

Chartered Management Institute, backed by Royal Charter, is the only Chartered body dedicated to promoting the highest standards in management and leadership excellence. CMI's management qualifications are recognized throughout the UK and Europe and provide a progressive framework that enables one to develop and broaden management skills. Their qualifications are designed in consultation with employers to meet today's demands, and therefore, it is valued by them.

Their certification is flexible. One can study locally via their 600+ approved centres or through a Distance Learning Provider.

Their resources are designed specifically for the qualification to ensure that the learner has the correct support and free access to all key membership services for the duration of their study.

Practical help whenever you need it; tools and techniques to save time and stress; new ways to enhance your professional reputation; qualifications that show the world you mean business – that's what CMI is all about.
