The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education” – Martin Luther King Jr.

Completing my Master Degree in Engineering Management has been a pivotal step in my professional journey. It deepened my understanding of operational strategy, leadership, and holistic problem-solving that have directly enhanced my effectiveness as a Warehouse Team Lead. The program empowered me to optimize supply chain processes, improve team performance, and implement data-driven solutions that support safety, efficiency, and sustainability in a high-demand environment. This experience has not only broadened my technical and managerial capabilities but also reinforced my commitment to continuous improvement and impactful leadership.

I would like to extend my heartfelt gratitude to my supervisor, Ankita Jawalkar, whose guidance and encouragement played a vital role in balancing my academic and professional responsibilities.

I am equally thankful to UniAthena for providing a flexible and enriching learning environment that made this achievement possible.
